Notes:

1. In case of Arc furnaces/ Steel Rolling Mills for supply at 33 kV and above, the HT Industrial Tariff at the corresponding voltage level shall be applicable. The tariff determined in the table above for Arc Furnace taking supply at 11 kV voltage, is inclusive of surcharge. However, the open access consumers bringing in power under Open Access Mechanism shall also pay a surcharge of 30 Paisa/unit.
2. Fixed charges for HT supply and Bulk Supply category are in Rs. / kVA of Contract Demand.
3. In case of Bulk Supply Consumers (other than Bulk Supply - DS), the fixed charges are in Rs./kW of the connected load where contract demand is not sanctioned and in Rs./kVA of contract demand where contract demand is sanctioned.
4. Advocate's Chamber, shall be levied a single rate (tariff) equivalent to CoS of LT Supply (**i.e. Rs.6.48**) as determined in the present order. There shall be no demand / fixed charges.
5. The electricity crematorium shall be levied a concessional tariff of Rs. 2.75 / Unit (kVA or kWh). No demand charges shall be levied.

The tariff for electricity supply to the EV Charging station in Haryana shall be a single part tariff equivalent to the CoS of HT Supply (**i.e. Rs.6.12**) and LT Supply (**i.e. Rs.6.48**), as determined in the present order. The off peak / night time concession benefits shall also be applicable. There shall be no fixed / demand charges.
10. In the case of the existing consumers above 50 kW upto 70 kW (LT) that has been merged with HT Supply, the tariff shall be as per HT Supply. In the absence of a compatible meter standard power factor of 0.90 may be used. However, the Discoms shall ensure that a compatible meter of requisite accuracy is installed either by the Discoms or by the consumers themselves within six months from this order. It is clarified that consumer will not have the option to pick and choose. However, such consumers shall be given option either to get the load reduced below 50 KW or convert to HT metering within one year.
11. The tariff for places of worship shall be a single part tariff equivalent to the Domestic Supply tariff(s).
12. The charges, other than energy and demand charges determined in the present order, for NDS category merged with HT / LT Supply shall be as per the charges applicable for erstwhile HT / LT Industry. The Discoms are directed to file a comprehensive proposal for amendment in general and miscellaneous charges as well as the relevant regulations such as the Duty to Supply Regulations.
13. The Temporary Supply Tariff shall remain unchanged i.e. as per the Commission's tariff order for the FY 2021-22.

While releasing electric supply on temporary basis, the DISCOMs must mention the period for which temporary supply has been sought and given. In case the said period gets extended for whatever reasons, the multiplication factor for both fixed charges and energy charges shall be 2 times.

The Commission has also clarified in its order dated 31.03.2022 in case No. HERC/RA-08 of 2021 that 2 times charges are to be levied from the extension of period of the said connection."

14. The AP Supply tariff shall be Rs. 6.48 / kWh for metered supply and BHP (in the case of flat rate shall be converted to kW and units worked out by applying the average running hours of the tube-wells. However, the State Govt. may continue with the subsidized tariff provided advance subsidy, in the beginning of each quarter is paid by the State Government to the Discoms, as per Section 65 of the Electricity Act, 2003. It is clarified that in the case of theft of electricity by AP Tube-Well consumer the tariff to be reckoned with shall be as determined by the Commission i.e. Rs. 6.62/Unit.

The issue of AP supply tariff is under consideration of the State Government. The billing of metered and un-metered AP connections will continue as per tariff for FY 2021-22 (Sales Circular No. D-12/2021) till subsidized tariff of AP category is decided by the State Government and its comments to provide subsidy in the beginning of each quarter to DISCOMs is received.

17. Green Energy Premium shall be Rs. **0.88**/unit over and above the normal tariff.

18. NDS consumers having sanctioned load above 50 KW and existing consumers having sanctioned load above 50 KW and upto 70 KW (on LT Supply) have been merged with the HT industrial consumers as "HT Supply". In the absence of declared contract demand, as well cumbersome process of asking all such consumer to declare their contract demand, it would be appropriate, given the nature of NDS usage, that the sanctioned load of such consumers available with the Discoms, is considered for levy of Fixed Charges.

19. LT supply consumers (having sanctioned load up to 20 KW) shall be billed only on kVAh tariff with the exception of billing in kWh only when the installed meter at consumer premises is not kVAh compliant. However, Discoms shall ensure installation of kVAh meters for such consumers by 30.09.2024.

- 20.** Fish farming units connected on AP feeders shall continue to be billed on AP subsidized tariff. However, fish farming on other than AP feeders shall be included in the new tariff category i.e. Agro Industries/FPO (New Category upto 20 kW).
